Dear School Council

Fencing Update

In response to your original letter dated 17th December 2021, Birmingham City Council have now approved funding and have asked Acivico, the company who is leading the project, to start work on repairing the fence as soon as possible.

I am currently waiting for somebody from Acivico to get in touch with me with a start date.

I attended a TEAMS Meeting with Katherine Crompton (Principal Officer on the Capital Projects Team) yesterday – 7th June 2022. She was very impressed with your letter that was sent to her and commended you all on being so active and involved in what is a very important issue. She will be coming to visit the school on another matter this month. Perhaps this would be an opportunity for the School Council to meet with her. Once I know the date of the expected visit I will let you know.

I will keep the School Council updated with any further developments.

Yours sincerely

Jacqui Smith
School Business Manager
