**Q17. Pupils are happy at Longwill**

Agree Strongly	22	104.76%
Agree	1	4.76%
Disagree	0	0.00%
Disagree strongly	0	0.00%

**Conclusions**

This survey was conducted in school in April 2013 and parents completed it anonymously. Twenty seven parents returned forms out of a possible forty eight.

The results are overwhelmingly positive and we are pleased that nearly all the parents who responded agreed positively with the statements about how their children feel regarding to their emotional health and well being.

We will continue to strive to ensure that Longwill School is always a place in which children feel safe and are able to flourish in a secure, happy and caring environment.
